

PIN ME UP

Recycling saves energy, reduces raw material extraction and combats climate change. Studies have found that recycling our rubbish is better for the environment rather than incinerating or landfill. As your Minister for the Environment I am delighted to support this information leaflet from the newly reformed Litter Committee. It contains information on where to take your rubbish plus telephone numbers for any enquiry you may have.

We **can** clean up Gibraltar but it will take each and every one of us to achieve this goal. I urge you to please read the leaflet and use it wisely. Thank you.

John Cortes

Minister for Health and the Environment

CLEAN UP THE WORLD CAMPAIGNS HAVE TAKEN PLACE IN GIBRALTAR EACH YEAR SINCE 2005 AND ENJOY GREAT COMMUNITY SUPPORT— THIS LEAFLET HELPS YOU DO YOUR BIT DURING THE YEAR BY SAFELY DISPOSING OF YOUR RUBBISH.

**REMEMBER! FLY TIPPING IS ILLEGAL.
PUT YOUR RUBBISH IN THE BIN AND
DISPOSE OF SPECIAL WASTE PROPERLY**

RUBBISH INFORMATION LEAFLET 2013

FACT

Did you know that Gibraltar produces around 30,000 tons of household rubbish per year? That's enough to fill over 3,400 double-decker buses! This waste is sent to a Separation Plant in Spain where **only half** is recovered for onward recycling. **The rest is buried often with harmful metals and toxins included.** Message? Mind what you throw in your bin. Keep electronics and batteries OUT and dispose of these properly. Check our next panel and over page for where to dispose of such rubbish.

DO YOU LIVE IN TOWN?

You must strictly follow the times advised to place rubbish outside either your home or business. Failure to do so will result in fines.
